

## RISK MANAGEMENT POLICY

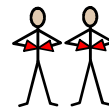

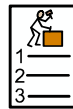

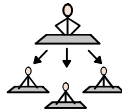

It is important that everyone feels safe when they are visiting or

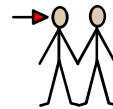

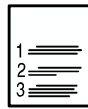

working at Lift Up Voices. We know that there are risks

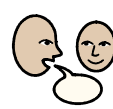

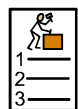

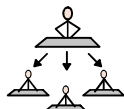

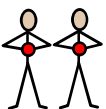

that could cause problems or accidents to happen. Lift Up

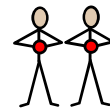

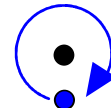

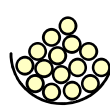

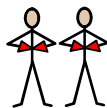

Voices uses a Risk Management Plan to make sure that we find

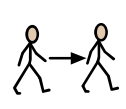

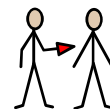

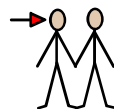

any risks early and make plans to stop them from happening.

Our Risk Management Plan also tells us what to do if

something goes wrong. We have lots of signs around our studio

with instructions written on them. It's important that you follow

these instructions

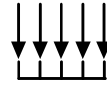

so that

you can

stay

safe.

All

Lift

Up

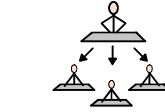

Voices coaches have

read

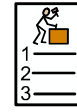

the

Risk

Management

Plan

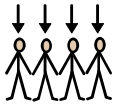

to

help

keep

everyone

safe.
