

SAFEGUARDING FOR PARTICIPANTS POLICY

Lift Up Voices is committed to promoting and protecting individual rights. It is important that everyone feels safe when they visit our studio. We believe everyone has the right to make their own decisions about the supports and services they use. All our Lift Up Voices staff are trained and are aware of their duty of care and mandatory reporting requirements. Lift Up Voices uses a reporting system so that we can make

sure

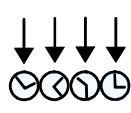

our

services

are

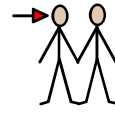

always

the

best

they

can

be.
